RE: HIGHPOINTE OF CLEMSON BECOMES HOME OF THE BRIDGE PROGRAM!

We are extremely pleased to let you know **HIGHPONTE OF CLEMSON** has been chosen to be the home of the Tri-County Technical College - Clemson University Bridge Program for Fall 2009.

The Bridge to Clemson University program is a competitive academic-enhancement transfer program that freshman will begin at Tri-County Technical College. With a strong academic year, these freshmen will transfer to Clemson University for their sophomore year. We expect this program to begin accepting approximately 400 students and grow over time to approximately 800 per year. As a requirement they must be housed at one location their freshman year.

Beginning Fall 2009 the freshman class will call Phase II of **HIGHPOINTE** their home. Not only are we excited to have this support from these schools, but the impact on our community and your investment will be immediate and far reaching.
